## GOOD NEWS for GREEN FINGERS!

*Sustainability Street Waverley in association with Waverley Council and Transition Bondi*

*are proud to present PHASE 1 of...*

### Waverley Park Communal Garden

**...And you're invited to the BIG DIG!**

**When:** 9.30am – 4.30pm, Sunday 22<sup>nd</sup> May 2011

**Where:** Waverley Park (St Marys Ave entrance just next to the netball courts)

*Do you have good gardening intentions but lack the time or space? Come join us and learn how to install and build a simple no-dig veggie/herb garden. Turn over for more info...*

**Our Mission: To grow Waverley's Community through Gardening**

Back of  
DL Flyer

**A bit of background...**Have you noticed any of the impromptu "verge" garden veggie patches springing up all over Sydney?

At last we city folks are beginning to learn that 'fresh from the garden', organic foods grown on our very own streets is a delicious possibility!

Not only is this great for our tummies and taste buds but it also our wallets, fitness, community and local environment. It's win-win all the way!

With **Waverley Council's** support, we will be installing 4 raised veggie garden beds **in Waverley Park on Sunday 22<sup>nd</sup> May**, running a series of casual hands-on workshops to show interested locals how to create a no-dig garden & grow their own food – city style. Come join us!

This initiative is run by the community, for the community, so please bring all or any of the following:

- **A delicious plate of food**
- **Plants (seasonal veggies and herbs)**
- **Watering can**
- **Wheelbarrow (for shifting mulch)**
- **Gardening gloves**
- **Trowel**
- **Skills, smiles, kids, ideas, energy and musical instruments**
